

SIMILKAMEEN SPUR TRAIL TO REOPEN BEGINNING JULY 29, 2022

The Similkameen Spur Trail will reopen on July 29, 2022. The trail will remain open until August 29, 2022, when the Spur Trail must be temporarily closed for site preparations and the comprehensive dam safety inspection of Enloe Dam. The trail will remain closed through September 19. Efforts will be made to have the trail open on Saturdays and Sundays during this period. If the Spur Trail is unable to be open during those weekends, notices will be posted at the spur trail head to notify the public.
